

# Telecoms Management Surveyors x 2

## Associate Director and APC Surveyor Based Edinburgh Excellent Package and Benefits

### The Company

Our client, part of the UK's largest independent owner and of telecommunications income assets, is a well-established firm of Chartered Surveyors based in offices throughout the UK, specialising in Telecoms Estate Management and Marketing. They boast a large number of blue-chip clients, managing a client rent roll in excess of £8.5 million pa, and due to continuous growth, based on their excellent reputation, are now looking to recruit two management surveyors.

### The Roles

Based in Edinburgh you will be responsible for the tailored management, marketing and development of a multi-million pound telecoms property portfolio. This will involve negotiating new lettings and upgrades, dealing with rent reviews and lease renewals, liaising with landlord and tenants on site to ensure effective and proactive management and co-ordinating internal processes and procedures.

### Senior Surveyor (Associate Director)

- MRICS qualified
- Experienced in Telecoms and Property Management work (L & T)
- Opportunity to lead a team of surveyors and APC Candidates
- Able to operate unsupervised in a Project/Asset Management role
- Reporting to Directors and Main Board

### Junior Surveyor

- Graduate, or APC level
- Ideally some experience of Property Management (L & T)
- Ability to assist in a Project/Asset Management Role
- Full APC training given
- Reporting directly to the Senior Surveyor

### The Benefits

In return, our client offers a competitive salary package including car allowance, pension, private health and an attractive bonus scheme, unparalleled career opportunities, exposure to their blue-chip client base and the necessary professional training towards APC qualification.
